

ONLINE DRIVER RISK ASSESSMENT & LEARNING

The Online Driver Risk Assessment has been developed in consultation with road safety officers and approved driving instructors thus, providing accurate risk ratings. The assessment provides a great insight into one's driving profile and is a fantastic step towards creating safer drivers and safer roads.

+ Desired Outcome

- Identifies risk level of drivers and recommends appropriate training modules to address specific areas of concern

+ Benefits

- **Cost effective** – at only a fraction of the price of an on-road or in-class course
- **Convenient** – training can be done anywhere and at any time as long as there is internet connection
- **Easy to implement** – minimal disruption to an employee's working schedule and productivity
- **Easy to understand** – images and multiple-choice questions are used

+ Who Should Attend

For all new and experienced drivers and fleet supervisors/managers

+ Certification

All participants will receive a Certificate of Participation on successful completion of Online Driver Training

+ Online Driver Risk Assessment

- Identifies the risk level of a driver and provides answers and explanations after each question
- Consists of 4 sections namely Attitude, Knowledge, Concentration and Observation and Hazard Perception, with 12 questions per section

+ Online Driver Training

- On completion of Online Driver Risk Assessment, training modules will be assigned based on the risk rating.
- Each module consists of 15-20 questions, covering topics such as but not limited to Adverse Weather, Avoiding Collision, Driver Attitude, Observation and Concentration, Speed Awareness and etc

+ Duration

20-25 mins each for Online Driver Risk Assessment & Online Driver Training

What Participants Say

“Very useful in assessing our risk level.”

“User friendly system and scoring is accurate.”

“These tests are good refreshers for seasoned and newbie drivers altogether.”

“Good Experience. Unlike other assessments, this one introduces questions, scenarios and pictures to illustrate. Very Good.”

COURSES

- Crash Prevention Course
- Driver Behaviour: A Line Manager's Role
- Mini Workshops
- **Online Driver Risk Assessment & Learning**

ABOUT AAS ACADEMY

AAS Academy, a wholly owned subsidiary of Automobile Association of Singapore, was established in 2015. Its primary objective is to provide post basic professional and vocational training, with emphasis towards areas of safety, competency and fleet management, for both commercial and non-commercial drivers in Singapore and the region.

ACCREDITATION

AAS Academy's trainers have been accredited by IRU, the world's leading professional road transport training organization and RoSPA (Royal Society for the Prevention of Accidents), a long standing and well-established presence in the UK health and safety market for almost 100 years.
